

## House District 175 - Representative MaryLouise Isaacson

### Payments to cyber charters up by \$98.8 million in House District 175 Failure to act now could increase property taxes by over 12 percent

**Cyber charter costs are growing rapidly.** Before the pandemic, 6774 students in House District 175 were enrolled in cyber charters. Cyber enrollment has since surged by over 60% statewide, pushing estimated enrollment to over 10974 students.

Because of sharply higher cyber enrollment, **cyber tuition costs in House District 175 will jump by an additional \$98.8 million this year, a shocking 93 percent increase** over the comparable tuition expense in 2019.

Rising cyber enrollment intensifies pressure on local property taxes. To cover this new cost, **House District 175 school districts would have to raise property taxes by 12.31 % on average.**

**The current system of setting charter school tuition rates is broken.** House District 26 school districts currently pay up to \$30,442 in special education tuition and \$10,836 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 will save House District 175 over \$64.7 million by bringing charter school tuition in line with payments to other public schools.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as all public schools to calculate special education tuition.
