

House District 15 - Representative Joshua Kail

Payments to cyber charters up by \$4.8 million in House District 15 Failure to act now could increase property taxes by over 4 percent

Cyber charter costs are growing rapidly. Before the pandemic, 292 students in House District 15 were enrolled in cyber charters. Cyber enrollment has since surged by over 60% statewide, pushing estimated enrollment to over 472 students.

Because of sharply higher cyber enrollment, **cyber tuition costs in House District 15 will jump by an additional \$4.8 million this year, a shocking 91 percent increase** over the comparable tuition expense in 2019.

Rising cyber enrollment intensifies pressure on local property taxes. To cover this new cost, **House District 15 school districts would have to raise property taxes by 4.03 % on average.**

The current system of setting charter school tuition rates is broken. House District 26 school districts currently pay up to \$31,438 in special education tuition and \$13,833 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

HB 272 will save House District 15 over \$1.4 million by bringing charter school tuition in line with payments to other public schools. The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as all public schools to calculate special education tuition.

HB 272 Reforms	House District 15 Savings
Standardize cyber tuition at \$9,500	\$1,275,861
Special Education Tuition Reform	\$147,362
Total Savings	\$1,423,223
