

## House District 34 - Representative Summer Lee

### Payments to cyber charters up by \$14.0 million in House District 34 Failure to act now could increase property taxes by over 4 percent

#### Cyber charter costs are growing rapidly.

Before the pandemic, 1067 students in House District 34 were enrolled in cyber charters. Cyber enrollment has since surged by over 60% statewide, pushing estimated enrollment to over 1728 students.

Because of sharply higher cyber enrollment, **cyber tuition costs in House District 34 will jump by an additional \$14.0 million this year, a shocking 73 percent increase** over the comparable tuition expense in 2019.

Rising cyber enrollment intensifies pressure on local property taxes. To cover this new cost, **House District 34 school districts would have to raise property taxes by 4.83 % on average.**

**The current system of setting charter school tuition rates is broken.** House District 26 school districts currently pay up to \$44,309 in special education tuition and \$17,898 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 will save House District 34 over \$17.1 million by bringing charter school tuition in line with payments to other public schools.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as all public schools to calculate special education tuition.

HB 272 Reforms	House District 34 Savings
Standardize cyber tuition at \$9,500	\$12,818,428
Special Education Tuition Reform	\$4,325,873
<b>Total Savings</b>	<b>\$17,144,301</b>
