

Senate District 13 - Senator Scott Martin

Payments to cyber charters up by \$9.3 million in Senate District 13 Failure to act now could increase property taxes by over 2 percent

Cyber charter costs are growing rapidly. Before the pandemic, 645 students in Senate District 13 were enrolled in cyber charters. Cyber enrollment has since surged by over 60% statewide, pushing estimated enrollment to over 1,000 students.

Because of sharply higher cyber enrollment, **cyber tuition costs in Senate District 13 will jump by an additional \$9.3 million this year, a shocking 90 percent increase** over the comparable tuition expense in 2019.

Rising cyber enrollment intensifies pressure on local property taxes. To cover this new cost, **Senate District 13 school districts would have to raise property taxes by 2.15% on average.**

The current system of setting charter school tuition rates is broken. Senate District 13 school districts currently pay up to \$32,925 in special education tuition and \$16,693 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

SB 27 will save Senate District 13 over \$3.2 million by bringing charter school tuition in line with payments to other public schools. The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as all public schools to calculate special education tuition.

SB 27 Reforms	Senate District 13 Savings
Standardize cyber tuition at \$9,500	\$2,895,994
Special Education Tuition Reform	\$329,034
Total Savings	\$3,225,028
