

## Garnet Valley School District

### Cyber charter costs up an estimated \$189,000 in Garnet Valley School District intensifying pressure on property taxes

**Cyber charter costs are growing rapidly.**

Before the pandemic, 19 students living in the Garnet Valley School District were enrolled in cyber charters. Last year cyber enrollment surged by 59% statewide, which translates to a projected 30 District students in cyber charter schools.

Because of sharply higher cyber enrollment, **cyber tuition costs in Garnet Valley jumped by an estimated \$189,000 since 2020, a shocking 34% increase** paid for by taxpayers in the district.

Rising cyber enrollment inevitably intensifies pressure on local property taxes. **The \$189,000 hike in cyber tuition payments is the equivalent of a 0.2% increase in property taxes in the Garnet Valley School District.**

**The current system of setting charter school tuition rates is broken.** Garnet Valley currently pays cybers \$41,937 for every special education student and \$15,817 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 and SB 27 will save local taxpayers \$253,109 by bringing charter school tuition more in line with actual costs.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as every other public school to calculate special education tuition.

HB272/SB 27 Reforms	Savings
Standardize cyber tuition at \$9,500	\$253,109
Special Education Tuition Reform	\$0
<b>Total Savings</b>	<b>\$253,109</b>
