

## Upper Darby School District

### Cyber charter costs up an estimated \$2,847,000 in Upper Darby School District intensifying pressure on property taxes

**Cyber charter costs are growing rapidly.**

Before the pandemic, 648 students living in the Upper Darby School District were enrolled in cyber charters. Last year cyber enrollment surged by 59% statewide, which translates to a projected 1030 District students in cyber charter schools.

Because of sharply higher cyber enrollment,

**cyber tuition costs in Upper Darby jumped by an estimated \$2,847,000 since 2020, a shocking 69% increase** paid for by taxpayers in the district.

Rising cyber enrollment inevitably intensifies pressure on local property taxes.

**The \$2,847,000 hike in cyber tuition payments is the equivalent of a 3.7% increase in property taxes in the Upper Darby School District.**

**The current system of setting charter school tuition rates is broken.** Upper Darby currently pays cybers \$30,093 for every special education student and \$10,271 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 and SB 27 will save local taxpayers \$1,725,043 by bringing charter school tuition more in line with actual costs.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as every other public school to calculate special education tuition.

HB272/SB 27 Reforms	Savings
Standardize cyber tuition at \$9,500	\$971,672
Special Education Tuition Reform	\$753,371
<b>Total Savings</b>	<b>\$1,725,043</b>
