

**House District 189 - Representative Rosemary Brown**

**Payments to cyber charters up by \$15.5 million in House District 189  
Failure to act now could increase property taxes by over 3 percent**

**Cyber charter costs are growing rapidly.** Before the pandemic, 891 students in House District 189 were enrolled in cyber charters. Cyber enrollment has since surged by over 60% statewide, pushing estimated enrollment to over 1443 students.

Because of sharply higher cyber enrollment, **cyber tuition costs in House District 189 will jump by an additional \$15.5 million this year, a shocking 85 percent increase** over the comparable tuition expense in 2019.

Rising cyber enrollment intensifies pressure on local property taxes. To cover this new cost, **House District 189 school districts would have to raise property taxes by 3.74 % on average.**

**The current system of setting charter school tuition rates is broken.** House District 26 school districts currently pay up to \$37,830 in special education tuition and \$15,732 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 will save House District 189 over \$6.7 million by bringing charter school tuition in line with payments to other public schools.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as all public schools to calculate special education tuition.

HB 272 Reforms	House District 189 Savings
Standardize cyber tuition at \$9,500	\$6,666,484
Special Education Tuition Reform	\$124,415
<b>Total Savings</b>	<b>\$6,790,898</b>
