

## House District 146 - Representative Joe Ciresi

### Payments to cyber charters up by \$4.2 million in House District 146 Failure to act now could increase property taxes by over 1 percent

**Cyber charter costs are growing rapidly.** Before the pandemic, 331 students in House District 146 were enrolled in cyber charters. Cyber enrollment has since surged by over 60% statewide, pushing estimated enrollment to over 536 students.

Because of sharply higher cyber enrollment, **cyber tuition costs in House District 146 will jump by an additional \$4.2 million this year, a shocking 69 percent increase** over the comparable tuition expense in 2019.

Rising cyber enrollment intensifies pressure on local property taxes. To cover this new cost, **House District 146 school districts would have to raise property taxes by 1.6 % on average.**

**The current system of setting charter school tuition rates is broken.** House District 26 school districts currently pay up to \$36,825 in special education tuition and \$14,319 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 will save House District 146 over \$2.5 million by bringing charter school tuition in line with payments to other public schools.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as all public schools to calculate special education tuition.

HB 272 Reforms	House District 146 Savings
Standardize cyber tuition at \$9,500	\$2,061,151
Special Education Tuition Reform	\$472,759
<b>Total Savings</b>	<b>\$2,533,910</b>
