

House District 154 - Representative Napoleon Nelson

Payments to cyber charters up by \$2.1 million in House District 154 Failure to act now could increase property taxes by nearly 1 percent

Cyber charter costs are growing rapidly.

Before the pandemic, 64 students in House District 154 were enrolled in cyber charters. Cyber enrollment has since surged by over 60% statewide, pushing estimated enrollment to over 104 students.

Because of sharply higher cyber enrollment, **cyber tuition costs in House District 154 will jump by an additional \$2.1 million this year, a shocking 264 percent increase** over the comparable tuition expense in 2019.

Rising cyber enrollment intensifies pressure on local property taxes. To cover this new cost, **House District 154 school districts would have to raise property taxes by 0.9 % on average.**

The current system of setting charter school tuition rates is broken. House District 26 school districts currently pay up to \$43,600 in special education tuition and \$18,061 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

HB 272 will save House District 154 nearly \$1 million by bringing charter school tuition in line with payments to other public schools. The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as all public schools to calculate special education tuition.

HB 272 Reforms	House District 154 Savings
Standardize cyber tuition at \$9,500	\$889,132
Special Education Tuition Reform	\$12,737
Total Savings	\$901,869
