

## North Penn School District

### Cyber charter costs up an estimated \$841,000 in North Penn School District intensifying pressure on property taxes

**Cyber charter costs are growing rapidly.**

Before the pandemic, 137 students living in the North Penn School District were enrolled in cyber charters. Last year cyber enrollment surged by 59% statewide, which translates to a projected 218 District students in cyber charter schools.

Because of sharply higher cyber enrollment, **cyber tuition costs in North Penn jumped by an estimated \$841,000 since 2020, a shocking 33% increase** paid for by taxpayers in the district.

Rising cyber enrollment inevitably intensifies pressure on local property taxes. **The \$841,000 hike in cyber tuition payments is the equivalent of a 0.6% increase in property taxes in the North Penn School District.**

**The current system of setting charter school tuition rates is broken.** North Penn currently pays cybers \$39,849 for every special education student and \$15,731 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 and SB 27 will save local taxpayers \$1,052,493 by bringing charter school tuition more in line with actual costs.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as every other public school to calculate special education tuition.

HB272/SB 27 Reforms	Savings
Standardize cyber tuition at \$9,500	\$1,046,482
Special Education Tuition Reform	\$6,011
<b>Total Savings</b>	<b>\$1,052,493</b>
