

## Quakertown Community School District

### Cyber charter costs up an estimated \$1,762,000 in Quakertown Community School District intensifying pressure on property taxes

**Cyber charter costs are growing rapidly.**

Before the pandemic, 143 students living in the Quakertown Community School District were enrolled in cyber charters. Last year cyber enrollment surged by 59% statewide, which translates to a projected 227 District students in cyber charter schools.

Because of sharply higher cyber enrollment,

**cyber tuition costs in Quakertown Community jumped by an estimated \$1,762,000 since 2020, a shocking 90% increase** paid for by taxpayers in the district.

Rising cyber enrollment inevitably intensifies pressure on local property taxes.

**The \$1,762,000 hike in cyber tuition payments is the equivalent of a 3.0% increase in property taxes in the Quakertown Community School District.**

**The current system of setting charter school tuition rates is broken.** Quakertown Community currently pays cybers \$34,315 for every special education student and \$15,417 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 and SB 27 will save local taxpayers \$776,256 by bringing charter school tuition more in line with actual costs.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as every other public school to calculate special education tuition.

HB272/SB 27 Reforms	Savings
Standardize cyber tuition at \$9,500	\$712,147
Special Education Tuition Reform	\$64,109
<b>Total Savings</b>	<b>\$776,256</b>
