

## Ridley School District

### Cyber charter costs up an estimated \$325,000 in Ridley School District intensifying pressure on property taxes

**Cyber charter costs are growing rapidly.**

Before the pandemic, 77 students living in the Ridley School District were enrolled in cyber charters. Last year cyber enrollment surged by 59% statewide, which translates to a projected 122 District students in cyber charter schools.

Because of sharply higher cyber enrollment, **cyber tuition costs in Ridley jumped by an estimated \$325,000 since 2020, a shocking 32% increase** paid for by taxpayers in the district.

Rising cyber enrollment inevitably intensifies pressure on local property taxes. **The \$325,000 hike in cyber tuition payments is the equivalent of a 0.4% increase in property taxes in the Ridley School District.**

**The current system of setting charter school tuition rates is broken.** Ridley currently pays cybers \$34,633 for every special education student and \$15,202 for other students. That is significantly more than the actual costs of providing an online education and is a boon to cyber charter operators.

**HB 272 and SB 27 will save local taxpayers \$689,344 by bringing charter school tuition more in line with actual costs.** The bill standardizes cyber charter tuition at \$9,500 and requires charter schools to use the same criteria as every other public school to calculate special education tuition.

HB272/SB 27 Reforms	Savings
Standardize cyber tuition at \$9,500	\$478,927
Special Education Tuition Reform	\$210,417
<b>Total Savings</b>	<b>\$689,344</b>
